

FastTrack PMP®

The course contents are fully updated for the new *Project Management Professional (PMP)® Examination Content Effective 2016.*

The course consists of 4 days (36 hours) of intensive workshops aiming to achieve the following objectives:

- To provide participants a good understanding of the project management framework as described in the *PMBOK® Guide* (A Guide to the Project Management Body of Knowledge), and to prepare qualified participants for taking the PMP® examination;
- To equip participants with skills and techniques for managing real-life projects.

Our key differentiators from other PMP® exam prep courses offered in Hong Kong:

- Recognition
 - This is one of the first and most successful PMP® preparation courses offered in Hong Kong with a very high exam passing rate; since its first class in 2003, hundreds of participants have been certified.
 - The course receives consistently excellent feedback from participants.
 - Knowledge Century is a Global Registered Education Provider of Project Management Institute PMI® since 2005.
- Courseware and Trainers
 - There are more than 10 case studies for group discussion illustrating how PM theories work in real life projects, and prepare you for the difficult situational questions in the PMP® at the same time.
 - Professional trainers with more than 20 years of large-scale project management experience; more than 10 years of PMP® training experience, and excellent training skills helping participants learn key concepts with ease.
- Exam Preparation
 - Each early-bird participant will receive the Kindle edition of the best-selling "PMP® Exam Simplified" by Aileen Ellis (with over 1,000 sample PMP test questions).
 - Each participant will receive a proprietary "PMP® Exam Study Guide" exclusively created by Knowledge Century for quick revision of all important concepts.
 - More than 150 proprietary simulated PMP® exam questions created by Knowledge Century are included.

Course Fee:
